ROBERTSON CLIPS 2 SECONDS OFF THE FIVE-MILE RECORD.

Jos. A. Fogler Makes a New World's Record for Half-Mile Bicycle Event—Other New Records Chalked Up During the Second Day of Tournament.

(BY ALEX SCHWALBACH.)

The greatest day of record breaking on the Florida Beach has ever known, and it has always been a world's record day, was the second day of the Daytona Tournament of Speed. The beach was in perfect condition and almost flawless in every way. Several hours, from 2 to 5 o'clock, saw a succession of all kinds on bicycles, motorcycles and automobiles had their fillings, but the most recent development of a power vehicle—the aeroplane—was unable to fly owing to the strong 30 mile south wind which blew in that course but which materially helped the record chasers on their straightaway trials.

A great second-day audience was in attendance and the faint-hearted dealers and makers who did not enter their cars in the various programs of this week have cause to regret the wonderful records made here yesterday.

Daytona itself is now world-famous, though the amount of publicity that has attracted, owing to the record breaking going on this week, until the auto-mobilistic citizens of the town meet and congratulate themselves for wh t they have done in calling the attention of the world to "Delightful Daytona" and its wonderful beach.

The record breaking started with the first event when Joseph A. Fogler made a new world's record in a half mile professional bicycle race when he lightly skinned over the light beach in 47 1-5 seconds. Omar Hedstrom next hustled in one Indian racer, a Dayblinder, 10 h. p. motorcycle, which he called "Hot Iron," over the measured mile in 44 3-5 seconds—another world record. The mile motorcycle race also produced a new world's record when Walter Goerke drove his 7 h. p. Indian motorcycle over the course in 2 minutes, 30 1-5 seconds.

The racing cars next had their innings and in the 5 mile invitation race George Robertson fairly flung the big 120 h. p. Benz over the sinuous timing tape in 5 minutes, 02 4-5 seconds. Ralph De Palma in the Fiat Cyclone was second. The best previous record for 5 miles was Barriott's 2:47 3-5 in 30 h. p. Stanley steamer and Lancia in 110 Fiat of 2:04 3-5 seconds on Jan. 24th, 1905. On most of this race was marvelous considering the car was covering ten miles every 1-6 second.

There was a breathing spell on the big racers between their trials; a record one for motorcycles over the ten mile course we'll say. A. G. Chapple was first on his Indian Motorcycle and he made a new world's record for motorcycling for ten miles in 8 min. 37 seconds. Walter Goerke was second in 10:12 4-5; Wm. Wray, Jr., was third in 12:00 3-5.

It was in this race that the first serious fall of the day occurred. Robt Stubbs, of Birmingham, Ala., while passing another driver, turned out in the soft sand and his front wheel buckled, a tire came off and both he and the machine turned a dozen somersaults in the air before they landed. The machine was wrecked and Stubbs, after receiving some attention from the surgeons, was able to walk to the club house.

The 10-mile invitation race between the big 120-h. p. Benz and the 60-h. p. Fiat was next pulled off. David Bruce Brown was the speediest driver, was first in 8 minutes 14 3-5 seconds. Ralph De Palma, on the Fiat Cyclone, was second in 8 minutes 20 4-5 seconds. De Palma's last mile just before he crossed the tape was a furious one and he was timed the last mile separately, although not officially, in 20 seconds. Both of the great drivers broke Arthur C. McDonald's previous record made January 11, 1905, of 6 minutes 13 seconds made in a 90 h. p. Napier.

Geo. Fogler, the bicycle champion by one and a half lengths, won the 2-mile motorcycle race in 2 minutes 43 1-5 seconds which was also incidentally a new record to the speedy Brooklynite.

Unfortunately, in the 2-mile-a-minute trial, the electric timing apparatus failed to work, but from the way the big Benz rolled over the course, and the whirling trail of white sand that it left in its wake, it must have beaten Marriott's old record of 28 1-5 seconds.

In the last event of the day, the 100-mile piston displacement class race, in which there were seven starters, the Benz broke a piston on the first lap after starting two minutes late for lack of gasoline. The Fiat Cyclone driven by Ralph DePalma of course made the best time, covering the 100 miles in 76 minutes and 55 seconds, or at the rate of 78 miles per hour. Lewis P. Strang, behind the wheel of a Buick, made the second best time of 90 minutes, 24 seconds, and George DeWitt was third on the time list also in a Buick in 99 minutes, 27 4-5 seconds, both the Buicks winning in their different classes in record time. DePalma, although he had not beaten the 100 mile record of Maurice Fergin in the Renault of last year, when he did 100 miles in 72 minutes 36 1-5 seconds, kept on, and covered one more lap, or 120 miles, in the new record time of 93 minutes, 44 3-5 seconds, thus easily supplanting Cedrino, N. Y.'s time 47 1-5 seconds. Second, W. L. Milton, Davenport, Ia. Third, E. F. Root, Boston; Fourth, Saxon Williams.

One-Mile Motorcycle Time Trials: Omar Hedstrom, Springfield, Mass.; 10 h. p., 2-cylinder Indian, 44 2-5 seconds.

Five-Mile Motorcycle Time Trials: Walter Goerke, Brooklyn, N. Y., first, time, 3.30 1-5. Second, Robert Stubbs, Birmingham, Ala.; time, 3.33. Third, A. G. Chappel, New York; time, 3.33. Fourth, Eugene Gaestel; time, 3.38.

Five-Mile Invitation Automobile Race: First, George Robertson, Benz; time, 2.45 1-5. Second, Ralph De Palma, Fiat Cyclone.

Five Mile, Southern Championship: First, Pope-Hartford, Gus Christensen; second, Cleveland, James Laughlin 3rd; third, Locomobile, George Robertson; fourth, Cadillac, Herbert Lytle; fifth, Buick, F. B. Myers. No time taken.

Ten Mile Amateur Motorcycle Record Trials 61 Cu. In. Piston Displacement: first, A. G. Chapple, time 8.37; second, Walter Goerke, 10.12 4-5; third, Wm. Wray, Jr., 13.0 3-5.

Ten Mile Invitation Race: First, Benz, David Bruce Brown, time 5.14 2-5; second, Fiat Cyclone, Ralph De Palma, time, 5.20 4-5.

Two Mile Bicycle Race: First, Jos. A. Fogler, time, 3.45 1-5; second, E. F. Root; Third, W. L. Milton.

100 Mile Piston Displacement Class: First, Fiat lap, 20 miles: Fiat Cyclone, Ralph De Palma, 17:27; Buick, Burman, 21.10; Buick, Strang, 21:22; Cleveland, Laughlin 3rd, 21:27; Cadillac, Lytle, time, 22:29. Buick, DeWitt, 23:45.

Second lap, 40 miles. Fiat, time, 32:26; Buick, Burman, 38, Buick, Strang, 39:03; Buick, DeWitt, 40:09; Buick, Myers, 52.12; Cadillac, 53.04 1-5, Cleveland, 63.53. Third lap, 60 miles. Fiat, time, 48.02 2-5; Buick, Strang, 55.24 3-5; Buick, DeWitt, 55.59 1-5; Buick, Myers, 66.10 2-5; Cleveland, 88.36 1-5; Cadillac, 92.07. Fourth lap, 80 miles. Fiat, 62.36 1-5; Buick, Strang, 73.05 4-5; Buick, DeWitt, 79.31 2-5. Fifth lap, 100 miles. Fiat, 76.55; Buick, Strang, 90.24; Buick, DeWitt, 99.27 4-5. Sixth lap, 120 miles. Ralph De Palma, Sixth lap, 120 miles, Ralph De Palma, driving the Fiat Cyclone, kept on and covered the 120 miles in 93 minutes, 44 3-5 seconds.

SOMEBODY WAKE RIP UP.

The Palm Beach News chronicles the departure of Benjamin Douglas in his electric launch for "Ormond to take in the automobile races there."

If Mr. Douglas isn't better informed as to where the greatest races that ever happened are being pulled off than is the editor of the Palm Beach News he is liable to fetch up in an oyster bank at the ship yard or land in East Bacon's orange grove at No. 9.

Will somebody wake Rip up?

BRIDGE DOWN; TAKE NOTICE!

Those of you who contemplate a run up to St. Augustine for the great Peace de Leon celebration, and on to Jacksonville, will be interested in the following notice of the temporary suspension of traffic over a part of the way.

"Editor Daily News:

"Will you publish the fact that the bridge at Durbin creek between here and Jacksonville is likely to be out on Friday and Saturday of this week. St. Johns county is putting in good work there on the approaches and will have a wide, strong bridge, but it would be well to warn automobilists that there will be no chance of getting to Jacksonville on those two days.

"Yours very truly,

LOCAL FANS FORMED A SYNDICATE.

And Are Responsible For The Exhibition Game By The Brooklyn Aggregation.

A GREAT GAME IS PROMISED.

Don't forget the great base ball game on Friday afternoon between the teams of the Brooklyn base ball club team. The game is made possible through the enthusiasm and public spirit of the following gentlemen, who, while aboard Commodore Burgoyne's motor yacht "Sweetheart" last Sunday afternoon, formed a syndicate to underwrite the undertaking. Their names are T. E. Fitzgerald, S. A. Miles, F. J. Wagner, Frederick Conrad, W. J. Morgan, J. Wilbur Hobbs, Neville H. Clark, Alex Holroyd, M. Hilyard and J. D. C. Morris.

The Brooklyn base ball team will have thirty-six people in the party, and great interest will be centered in the game all over the country because it is their last game in the south, the team leaving on Saturday in order to be at home for the opening of the National League professional season of the north and west.

The local base ball grounds will be put in fine shape for the occasion, the admission being only fifty cents to see the finest game of base ball ever played in the south. The base ball game certainly is a star attraction added to the closing day of Daytona's automobile week.

Smashed the Fence.

What might have been an accident of serious consequences was averted only by luck Tuesday noon, when a four-cylinder Ford runabout, carrying E. H. Johnson and a friend, both of Orlando, crashed into the fence around the property at the southeast corner of Ridgewood and Magnolia avenues.

The accident occured about 12:15 and was caused by the steering gear breaking as the machine was being turned into magnolia avenue from Ridgewood.

As soon as he saw something was wrong Mr. Johnson shut off the power and put on the brakes, but, notwithstanding, the momentum of the machine carried it past the sidewalk and into the fence, both lamps being ruined, and other lesser damages done. Fortunately, no one was hurt.

THE AUTOMOBILE PARADE WITNESSED BY THOUSANDS.

Ovation Throughout The Route.

Cars Decorated in Various Ways Displaying Artistic Skill and Refined Taste.

The parade was a decided success Chairman White worked enthusiastically to make it so and it is no fault of his that more were not in the picturesque procession. It was a beautiful and inspiring scene and could have been made even more grander than it was had everybody entered into the pleasure with the right spirit and sufficient enthusiasm.

Those who entered heartily into the spirit of the thing produced some very artistic and pleasing effects and their efforts to please were duly appreciated. There were frequent outbursts of applause as the procession moved through the streets and avenues of the three cities, Daytona, Daytona Beach and Seabreeze.

There were three prizes and three times three beautifully decorated cars that ranked right up to touching distance of the top-notchers.

The first trophy was captured by Mr. and Mrs. Murray S. Aultman in a Buick. Their car was resplendent in heliotrope and was greatly admired by everybody. They captured the first trophy which was offered by the Daytona Daily News.

Miss Jessie Brown, residing in Interlaken green, captured the second prize, offered by H. H. Lessner. The decoration was very striking and elicited many exclamations of pleasure and approval all along the line of march.

Miss Bessie Bingham drove a Cadillac to victory. This car was very striking in red, white and green. This prize was given by the Florida East Coast Automobile Association. Mrs. F. J. Niver tied this car but in a "toss" Miss Beasie was declared the winner. Both these cars were great favorites and were many times cheered along the route.

H. C. Thompson's Peerless was radiant in green and yellow, and many thought he would be in the contest, but by a misunderstanding he failed to show up at the club house.

There were about 40 cars in the parade, and there might as well have been three times the number. The procession spread out a mile long and was viewed by thousands.

They left the city hall on Beach street at 9:45 a. m. and were all over covering the prescribed line of march. The parade was greatly enjoyed, and it was not the least of the interesting features offered Daytona visitors during this good year of 1909.

If conditions permit the aeroplane will attempt a flight this afternoon.

GOOD ROADS IS THE WATCHWORD.

Senator Morgan Says Road Should Be Built From Jacksonville To Miami.

EDITOR WALTON WHOOPS IT UP.

A Times-Union reporter interviewed W. J. Morgan as the big race promoter passed through the metropolis for this city Saturday. Touching upon the subject of better roads for Florida Mr. Morgan is quoted as saying:

"I also notice that Fernandina wants a road to Jacksonville, and that one is to be built from St. Augustine to Jacksonville. Fernandina would benefit greatly by such a road, and during my talk with the board of trade in that charming little city about the matter even members of the board were present. But what really is wanted just as bad in the way of a road is one from Jacksonville clear through to Miami, which could be known as the Florida River Road, which should skirt the East Coast Canal, the Halifax and Indian rivers, and be the greatest winter driveway in the world. Of course, a good many sections of the road are already completed, especially from Palm Beach to Miami and from Ormond to Rockledge. As soon as such a road is built the East Coast of Florida will be teeming with carriages, horseback riders and automobile drivers. Property would jump up in value and Mr. Flagler would have to double track his railroad in order to double the traffic, passenger and freight as good roads is the best possible feeder for railroads. However, I did not come down to build roads but to help get a good, speedy tournament to Daytona, in which I have been loyally supported by the Florida East Coast Automobile Association and Daytona citizens."

All of which the Daily News heartily sanctions and predicts that such happy results will come faster than many people anticipate.

Editor C. H. Walton, of the East Coast Advocate, never loses an opportunity to put in a good word for better roads. His last issue devoted good space to the subject. The following is a sample from his editorial page:

"On another page of this issue we reprint an article from the Daytona Daily News on the completion of their good roads system to the Brevard county line. At the last meeting of the Brevard county commissioners they received notice from the commissioners of Volusia county that they would notify them when they were ready to have the two boards meet together to make arrangements for the completion of the unsurfacing link between the two counties. So far so good, but on not let the matter rest here. They should get together and have this roadway fixed before the rainy weather sets in. 'Whoop it up,' Brother Fitzgerald, we are with you till the road is built."

Entertained At Cards.

One of the pleasantest social events of the season was that of Monday afternoon, when Mesdames Hoose, Shugert, and Hartje entertained a number of ladies at cards at the handsome winter home of H. H. Hoose on North Ridgewood avenue.

The spacious hall and rooms were decorated with roses and nasturtiums. Bridge was the game played and there were eight tables. Mrs. E. T. Merrill secured the first prize, a Japanese cream and sugar set; Mrs. L. O. Smith won the second prize, a beautifully embroidered bag, and the third prize, a fancy belt, fell to Mrs. A. B. Foster. Very artistic Japanese place cards were used.

Quite a number of friends came in about four o'clock and joined the card players in the delicious refreshments which were served following the game. The Clarendon orchestra furnished music during the afternoon, which was a delightful one for all present.

The Quaker Male Quartette.

The Quaker Male Quartette, the final concert of the season, of course, at the First Baptist church, Tuesday night, was largely attended, as were all the previous entertainments, and judging by the hearty applause and frequent recalls their splendid singing was fully appreciated. The success of the several entertainments should be very gratifying and encouraging to the management having them in charge.

W. F. Holmes was called to Jacksonville on business Wednesday afternoon. Mrs. Holmes accompanied him. They will probably return within a day or two.

Jos. A. Fogler Makes a New World's Record for Half-Mile Bicycle Event—Other New Records Chalked Up During the Second Day of Tournament.

SOMEBODY WAKE RIP UP.

The Palm Beach News chronicles the departure of Benjamin Douglas in his electric launch for "Ormond to take in the automobile races there."

If Mr. Douglas isn't better informed as to where the greatest races that ever happened are being pulled off than is the editor of the Palm Beach News he is liable ta fetch up in an oyster bank at the ship yard or land in Earl Bacon's orange grove at No. 9.

Will somebody wake Rip up?

BRIDGE DOWN; TAKE NOTICE!

Those of you who contemplate a run up to St. Augustine for the great Ponce de Leon celebration, and on to Jacksonville, will be interested in the following notice of the temporary suspension of traffic over a part of the way.

"Editor Daily News:

"Will you publish the fact that the bridge at Durbin creek between here and Jacksonville is likely to be out on Friday and Saturday of this week. St. Johns county is putting in good work there on the approaches and will have a wide, strong bridge, but it would be well to warn automobilists that there will be no chance of getting to Jacksonville on those two days.

"Yours very truly,
"JOHN ANDERSON."

LOCAL FANS FORMED A SYNDICATE.

And Are Responsible For The Exhibition Game By The Brooklyn Aggregation.

A GREAT GAME IS PROMISED.

Don't forget the great base ball game on Friday afternoon between the teams of the Brooklyn base ball club team. The game is made possible through the enthusiam and public spirit of the following gentlemen, who, while aboard Commodore Burgoyne's motor yacht "Sweetheart" last Sunday afternoon, formed a syndicate to underwrite the undertaking. Their names are T. E. Fitzgerald, S. A. Miles, F. J Wagner, Frederick Conrad, W. J. Morgan, J. Wilbur Hobbs, Neville H. Clark, Alex Holroyd, M. Hilyard and J. D. C. Morris.

The Brooklyn base ball team will have thirty-six people in the party, and great interest will be centered in the game all over the country because it is their last game in the south, the team leaving on Saturday in order to be at home for the opening of the National League professional season of the north and west.

The local base ball grounds will be put in fine shape for the occasion, the admission being only fifty cents to see the finest game of base ball ever played in the south. The base ball game certainly is a star attraction added to the closing day of Daytona's automobile week.

GOOD ROADS IS THE WATCHWORD.

Senator Morgan Says Road Should Be Built From Jacksonville To Miami.

EDITOR WALTON WHOOPS IT UP.

A Times-Union reporter interviewed W. J. Morgan as the big race promoter passed through the metropolis for this city Saturday. Touching upon the subject of better roads for Florida Mr. Morgan is quoted as saying:

"I also notice that Fernandina wants a road to Jacksonville, and that one is to be built from St. Augustine to Jacksonville. Fernandina would benefit greatly by such a road, and during my talk with the board of trade in that charming little city about the matter even ministers of the gospel were present. But what really is wanted just as bad in the way of a road is one from Jacksonville clear through to Miami, which could be known as the Florida River Road, which should skirt the East Coast Canal, the Halifax and Indian rivers, and be the greatest winter driveway in the world. Of course, a good many sections of the road are already completed, especially from Palm Beach to Miami and from Ormond to Rockledge. As soon as such a road is built the East Coast of Florida will be teeming with carriages, horseback riders and automobile drivers. Property would jump up in value and Mr. Flagler would have to double track his railroad in order to double the traffic, passenger and freight, as good roads is the best possible feeder for railroads. However, I did not come down to build roads this time, but to conduct another tournament at Daytona, in which I have been loyally supported by the Florida East Coast Automobile Association and Daytona citizens."

All of which the Daily News heartily sanctions and predicts that such happy results will come faster than many people anticipate.

Editor C. H. Walton, of the East Coast Advocate, never loses an opportunity to put in a good word for better roads. His last issue devoted good space to the subject. The following is a sample from his editorial page:

"On another page of this issue we reprint an article from the Daytona Daily News on the completion of their good roads system to the Brevard county line. At the last meeting of the Brevard county commissioners they received notice from the commissioners of Volusia county that they would notify them when they were ready to have the two boards meet together to make arrangements for the completion of the connecting link between the two counties. So far so good, but do not let the matter rest here. They should get together and have this roadway fixed before the rainy weather sets in 'Whoop it up,' Brother Fitzgerald, we are with you till the road is built.'

Entertained At Cards.

One of the pleasantest social events of the season was that of Monday afternoon, when Mesdames Hoene, Shugert, and Hartje entertained a number of ladies at cards at the handsome winter home of H. H. Hoene on North Ridgewood avenue.

The spacious hall and rooms were decorated with roses and nasturtiums. Bridge was the game played and there were eight tables. Mrs. E. T. Merrill secured the first prize, a Japanese cream and sugar set; Mrs. L. O. Smith won the second prize, a beautifully embroidered bag, and the third prize, a fancy belt, fell to Mrs. A. B. Foster. Very artistic Japanese place cards were used.

Quite a number of friends came in about four o'clock and joined the card players in the delicious refreshments which were served following the game. The Clarendon orchestra furnished music during the afternoon, which was a delightful one for all present.

The Quaker Male Quartette.

The Quaker Male Quartette, the final number of the Lyceum course, at the First Baptist church, Tuesday night, was largely attended, as were all the previous entertainments, and judging by the hearty applause and frequent recalls their splendid singing was fully appreciated. The success of these several entertainments should be very gratifying and encouraging to the management having them in charge.

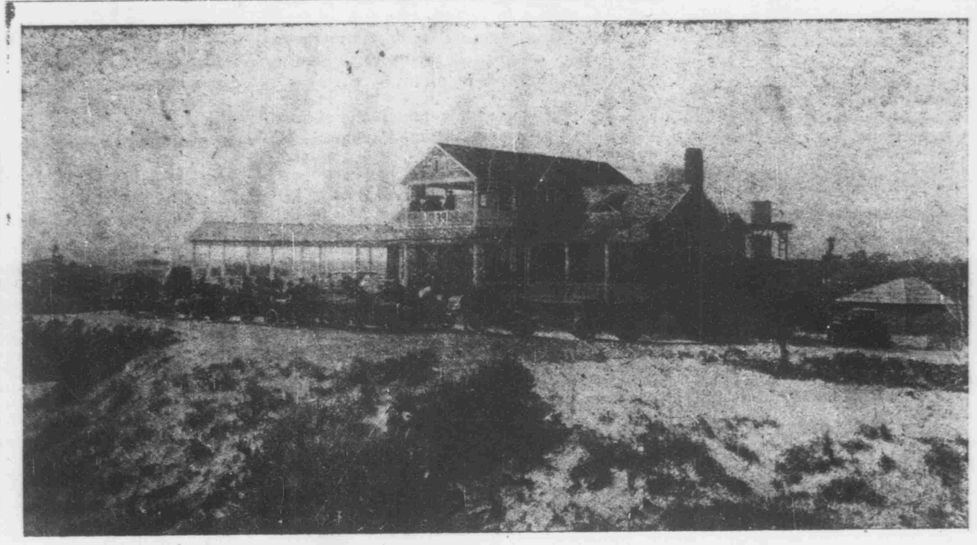
W. F. Holmes was called to Jacksonville on business Wednesday afternoon. Mrs. Holmes accompanied him. They will probably return within a day or two.



Club House of the Florida East Coast Automobile Association, Now the Center of Interest.

Smashed the Fence.

What might have been an accident of serious consequences was averted only by luck Tuesday noon, when a four-cylinder Ford runabout, carrying E. H. Johnson and a friend, both of Orlando, crashed into the fence around the property at the southeast corner of Ridgewood and Magnolia avenues.

The accident occurred about 12:15, and was caused by the stearing gear breaking as the machine was being turned into magnolia avenue from Ridgewood.

As soon as he saw something was wrong Mr. Johnson shut off the power and put on the brakes, but, notwithstanding, the momentum of the machine carried it past the sidewalk and into the fence, both lamps being ruined, and other lesser damages done. Fortunately, no one was hurt.

THE AUTOMOBILE PARADE WITNESSED BY THOUSANDS.

Ovation Throughout The Route.

Cars Decorated in Various Ways Displaying Artistic Skill and Refined Taste.

The parade was a decided success. Chairman White worked enthusiastically to make it so and it is no fault of his that more were not in the picturesque procession. It was a beautiful and inspiring scene and could have been made more spectacular than it was had everybody entered into the pleasure with the right spirit and sufficient enthusiasm

Those who entered heartily into the spirit of the thing produced some very artistic and pleasing effects and their efforts to please were duly appreciated. There were frequent outbursts of applause as the procession moved through the streets and avenues of the three cities, Daytona, Daytona Beach and Seabreeze.

There were three prizes and three times three beautifully decorated cars that ranked right up in touching distance of the top-notchers.

The first trophy was captured by Mr. and Mrs. Murray B. Aultman in a Buick. Their car was resplendent in heliotrope and was greatly admired by everybody. They captured the first trophy which was offered by the Daytona Daily News.

Miss Jessie Brown, revelling in luxuriant green, captured the second prize, offered by R. H. Lesesne. The decoration was very striking and elicited many exclamations of pleasure and approval all along the line of march.

Miss Bessie Bingham drove a Cadillac to victory. This car was very striking in red, white and green. This prize was given by the Florida East Coast Automobile Association. Mrs. F. J. Niver tied this car but in a "toss" Miss Bessie was declared the winner. Both these cars were great favorites and were many times cheered along the route.

H. C. Thompson's Peerless was radiant in green and poincettas, and many thought he would be in the count, but by a misunderstanding he failed to show up at the club house.

There were about 50 cars in the parade, and there might as well have been three times this number. The procession spread out a mile long and was viewed by thousands.

They left the city hall on Beach street at 9:45 a. m. and were an hour covering the prescribed line of march. The parade was greatly enjoyed, and it was not the least of the interesting features offered Daytona visitors during this good year of 1909.

If conditions permit the æroplane will attempt a flight this afternoon.

SEABREEZE, March 24.—Oakridge boulevard is being shelled from Pinewood avenue to the ocean. This street is parallel with Ocean boulevard one block south, and it is understood that all or nearly all of the lots on it have been sold. The resident property owners and the public generally will be glad to have the street open for use.

Walter L. Biggers, of Van Wert, Ohio, arrived Sunday morning on a visit to his mother, Mrs. C. W. Buckner, on Ocean avenue, and will spend a week or ten days, enjoying the automobile tournament in the meantime. Mr. Biggers is a well known railroad man of his section.

Mrs. George Selden and two sisters, Misses Selden, started North Saturday. They will spend some time at St. Augustine, Charleston, and other points of interest, reaching their home town, Erie, Pa., about May 1st.

Mrs. Orth has just received news from Mr. Orth at Pittsburgh, Pa., that her brother, Samuel Blackburn, is quite ill and that he will not start for Seabreeze until Mr. Blackburn is better.

Something Similar.

"Have you a copy of the 'Stolen Rose?'" inquired a visitor to a magazine seller.

"I am afraid I don't know of such a song."

"Why, it goes like this." And the customer hummed the tune.

"Why, you mean 'The Lost Chord,'" quit the assistant.

"Ah, that's it!"

Highly Flattered.

"Your glasses," she said, "have made a great difference in your appearance."

"Do you think so?" he asked.

"Yes. You look so intelligent with them on."—Chicago Record-Herald.

A Rude Youth.

"How do you account for this, ma'am?" And he held aloft a lump of coal which he had just dug out from the airtight stove.

The landlady slightly flushed.

"I suppose the poor cows sometimes stray along the railroad track," she said. "But you must admit the steak is tender."

He thumped the coal with his knife.

"Yes," he said harshly, "locomotive tender."

And the meal progressed in silence.—Cleveland Plain Dealer.

DAYTONA BEACH, March 24.—Mr and Mrs. Bechler, Sr., of Lima, Ohio, who have spent the past five months at Ocean Spray, left Saturday on their return home. Mr. and Mrs. Fred Bechler, who have spent the winter at Daytona, will occupy their apartments for the remainder of the season.

Mrs. J. M. Field came up from Cocoa last Friday and spent a few days with friends in Daytona. She has come over to her home on Grandview avenue, where she will entertain her mother, Mrs. Monroe, her uncle and aunt, Mr. and Mrs. Humphrey, and other relatives during race week. Mr. Field is employed with the Ronald & Fiske, general merchandise firm, of Cocoa, and they will make their home there for a time.

A ramdy pull and dance at Surf Crest were pleasant features of last week's enjoyment at this pleasant house.

Mrs A. L. Rogers and G. Rogers, Rochester, N. Y.; C. H. Darr, Salem, Ohio, are registered at the Daytona Beach Hotel.

Water Boiled Inside and Outside at the Morning Toilet.

Matrons of the west may be interested to hear the details of the Nagelian native baby's morning toilet. Anything over three months old is no longer a "baby" to the native mother of Fiji, and is bathed with the other children, generally a numerous brood. In the chill morning air before sunrise. The little ones rush lustily while the cold water is splashed over its brown body and generally continues the chorus when put aside to dry. Vowels do not form part of the household equipment. The bathing process finished, the infants are subjected to a sort of water cure treatment. The mother selects a child, scoops up a handful of water and, using her thumb as a kind of squirt, squirts it with extraordinary dexterity into the youngster's mouth and down its throat. Protests in the shape of loud gurgles, horrible choking and desperate struggling are quite unheeded. The steady stream of water continues to pour down the child's throat until the mother's practised touch on the patient's distended stomach tells her that the limit of capacity has been reached. All babies are submitted to this treatment, which is believed to have a most strengthening effect.—London Standard.

SEABREEZE, March 24.—Oakridge boulevard is being shelled from Pinewood avenue to the ocean This street is parallel with Ocean boulevard one block south, and it is understood that all or nearly all of the lots on it have been sold The resident property owners and the public generally will be glad to have the street open for use

Walter L. Biggers, of Van Wert, Ohio, arrived Sunday morning on a visit to his mother, Mrs. C. W. Buckner, on Ocean avenue, and will spend a week or ten days, enjoying the automobile tournament in the meantime. Mr. Biggers is a well known railroad man of his section

Mrs. George Seldon and two sisters, Misses Seldon, started North Saturday. They will spend some time at St Augustine, Charleston, and other points of interest, reaching their home town, Erie, Pa., about May 1st.

Mrs. Orth has just received news from Mr. Orth at Pittsburgh, Pa, that her brother, Samas Blackburn, is quite ill. and that he will not start for Seabreeze until Mr. Blackburn is better.

Something Similar.

"Have you a copy of the 'Stolen Rope?'" inquired a visitor to a music seller.

"I am afraid I don't know of such a song."

"Why, it goes like this." And the customer hummed the tune.

"Why, you mean 'The Lost Chord!'" said the assistant.

"Ah, that's it!"

Highly Flattered.

"Your glasses," she said, "have made a great difference in your appearance."

"Do you think so?" he asked.

"Yes. You look so intelligent with them on."—Chicago Record-Herald.

A Rude Youth.

"How do you account for this, ma'am?" And he held aloft a lump of coal which he had just dug out from the sirloin steak.

The landlady slightly flushed.

"I suppose the poor cows sometimes stray along the railroad track," she said. "But you must admit the steak is tender."

He thumped the coal with his knife.

"Yes," he said harshly, "locomotive tender."

And the meal progressed in silence. —Cleveland Plain Dealer.

DAYTONA BEACH, March 24.—Mr and Mrs. Bechler, Sr., of Lima, Ohio, who have spent the past five months at Ocean Spray, left Saturday on their return home Mr. and Mrs. Fred Bechler, who have spent the winter at Daytona, will occupy their apartments for the remainder of the season.

Mrs. J M. Field came up from Cocoa last Friday and spent a few days with friends in Daytona. She has come over to her home on Grandview avenue, where she will entertain her mother, Mrs. Moores, her uncle and aunt, Mr. and Mrs. Humphrey, and other relatives during race week. Mr. Field is employed with the Ronald & Fiske, general merchandise firm, of Cocoa, and they will make their home there for a time.

A candy pull and dance at Surf Crest were pleasant features of last week's enjoyment at this pleasant house.

Mrs. A. L. Rogers and G. Rogers, Rochester, N. Y.; C. H. Darr, Salem, Ohio, are registered at the Daytona Beach Hotel.

Mary R. Carr, Mrs. F. N. Burt, of Buffalo, N. Y.; Mrs. Hugh Wynne, William G Wynne, Memphis, Tenn.; Mr. and Mrs. Nettleton, Scranton, Pa; Allen Williamson, Chicago, were Sunday arrivals at the Seaside Inn.

Water Soaked Inside and Outside at the Morning Toilet.

Matrons of the west may be interested to hear the details of the Nigerian native baby's morning toilet. Anything over three months old is no longer a "baby" to the native materfamilias and is bathed with the other children, generally a numerous brood, in the chill morning air before sunrise. The little mite yells lustily while the cold water is splashed over its brown body and generally continues the chorus when put aside to dry. Towels do not form part of the household equipment. The bathing process finished, the infants are subjected to a sort of water cure treatment. The mother seizes a child, scoops up a handful of water and, using her thumb as a kind of spout, squirts it with extraordinary dexterity into the youngster's mouth and down its throat. Protests in the shape of loud gurgles, horrible chokings and desperate struggling are quite unheeded. The steady stream of water continues to pour down the child's throat until the mother's practiced touch on the patient's distended stomach tells her that the limit of capacity has been reached. All babies are submitted to this treatment, which is believed to have a most strengthening effect.—London Standard.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphalium-like face; no one who ever steered a high-power automobile down the hard stretch of water-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, do it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican perch a fat mullet, and that fish hawk stop gliding upward with his floundering load be snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid, ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce De Leon Park Inlet, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the lazie winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with silken draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some outward-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gaze into the near, casting furtive, anxious glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard roses of variegated hues predominate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds fit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

The musical dance and grand ball given at Schmidt's Hotel Tuesday night was a grand success and a very enjoyable affair, over 100 guests and others being present. Music was furnished by the Clavendon orchestra. Champagne punch, ice cream and cake were served. Dancing was the diversion until a late hour. A number of press men were present and enjoyed the occasion.

Infection.

"What became of that rich uncle of yours?"

"I think he's dead, but I don't know."

"Dear! How did he lose all his money?"—Cleveland Leader.

The Example.

Professor declaring on hygiene—Tobacco, gentlemen, makes men ugly, short winded, bleary, paralytic, and I can tell you this from experience, for I have smoked for many years!"

Concrete.

Concrete itself is, of course, very old. The concrete walls of Colchester and Rochester castles still show the marks of the boarded boards. The dome of Agrippa's pantheon, which is 142 feet in diameter, is of concrete, and fragments of concrete buildings are found in Mexico and Peru.—London Spectator.

Wealthy Poverty.

There are still many houses in the country in England where the owners are unconscious of the fact that, while they themselves are apparently poor they possess fortunes in furniture and pictures.—Town and Country.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid, ready for a cruise upon her beautiful surface Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard roses of variagated hues predominate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Schmidt's Hotel.

New guests at Schmidt's Hotel yesterday were: Frank Ashton, Easton, Pa.; G. H. Werfelman and wife, D. Werfelman and wife, L. Knappe, New Smyna; P. Alderman, W. Pilden, S. Campbell, DeLand; J. Kasserman, M. M. Bond, Lake Helen; Wm. P. Fisher, Flemming, Pa; H. J. Webster, Boston; J. W. Holmes, Atlanta; Wm. Shepherd, Toomsboro, Ga.; K. M. Myers and wife, Orlando.

The annual dance and grand ball given at Schmidt's Hotel Tuesday night was a grand success and a very enjoyable affair, over 150 guests and others being present. Music was furnished by the Clarendon orchestra. Champagne punch, ice cream and cake were served. Dancing was the diversion until a late hour. A number of press men were present and enjoyed the occasion.

Intuition.

"What became of that rich uncle of yours?"

"I think he's dead, but I don't know."

"Gee! How did he lose all his money?"—Cleveland Leader.

The Example.

Professor (lecturing on hygiene)—Tobacco, gentlemen, makes men ugly, short winded, idiotic, paralytic, and I can tell you this from experience, for I have smoked for many years!"

Concrete.

Concrete itself is, of course, very old. The concrete stairs of Colchester and Rochester castles still show the marks of the incasing boards. The dome of Agrippa's pantheon, which is 142 feet in diameter, is of concrete, and fragments of concrete buildings are found in Mexico and Peru.—London Spectator.

Wealthy Poverty.

There are still many houses in the country in England where the owners are unconscious of the fact that, while they themselves are apparently poor they possess fortunes in furniture and pictures.—Town and Country.

CELERY GOES BY THE CAR.

Tuesday Manager W. F. Holmes of the Farmers' and Fruit Growers' Association sent out a car of celery. It was shipped at Lake Helen and fielded here by Mr. Holmes. Yesterday the load was delivered and another car

These shipments will be followed by three car lots at intervals till the bulk of the crop is shipped.

The list here is very prosperous one with the truckers and but for the little pinch which hurt the tenderest stuff, about the end of February, would have been a tremendously big season. As it is the truckers have no kick coming.

Mr. and Mrs. R. H. Stevens and little son, Richard, who have been visiting with Mr. Stevens' parents, Mr. and Mrs. R. Stevens on Orange avenue, for the past three weeks, departed Wednesday morning for their home in Pittsburg, Pa., where Mr. Stevens holds a responsible position in the Carnegie steel works.

CELERY GOES BY THE CAR.

Tuesday Manager W. F. Holmes of the Truckers and Fruit Growers' Association sent out a car of celery. It was started at Lake Helen and finished here by Mr. Holmes. Yesterday the local association sent out another car.

These shipments will be followed by other car lots at intervals till the bulk of the crop is shipped.

This has been a very prosperous season with the truckers and but for the little pinch which hurt the tenderer stuff, about the first of February, would have been a tremendously big season. As it is the truckers have no kick coming.
